

CONTEC Derailleur Cable Set "Shift+"

Description

For precise shifting

Regardless of whether MTB, road or hybrid - intact shifter cables and housings are a prerequisite for precise shifting in addition to a well-adjusted drivetrain. The CONTEC shifter cable set "Shift+" contains everything you need to renew the cables and housings: Shifter cables with a 1.1 mm diameter in 2275 and 2250 mm lengths with a 2500 mm housing each, as well as 10 sealed end caps, 2 ferrules and 2 sets of O-rings.

The self-service packaged set is suitable for all common shifting components (e.g. SRAM or SHIMANO).
