

Product data sheet

VICTORIA Electric trekking bike "Cysalo 3" (#1)

Description

The CYSALO 3 from VICTORIA is the ideal companion for everyday rides and relaxed excursions into the countryside. With StVZO-compliant 40 lux LED lighting and Schwalbe Energizer Plus Tour tires, it guarantees safety and riding fun on any terrain. The MIK system on the Carrier allows flexible handling of bags and baskets.

Comfort and function

The 63 mm Suspension Fork absorbs bumps effortlessly and the adjustable Stem, together with the 640 mm wide Handlebar, ensures a comfortable riding position. The fully enclosed chain boxes also prevent dirt from getting on your trouser legs.

Technical data

The CYSALO 3 offers a reliable Shimano Nexus 7-speed hub with freewheel and powerful Shimano disc brakes front and rear. The Active Line drive in combination with the PowerTube 400 Battery provides economical support and the Intuvia 100 Display provides clear information on all important riding data.

Target group

The CYSALO 3 is your city and trekking bike if you value low-maintenance hub gears and an excellent price-performance ratio.
Gear range: 244 %
