

SHIMANO Chain "CN-E6070"

Description

SHIMANO 9-speed chains

Chains on pedelecs have to withstand significantly higher stresses than standard chains. More weight, higher speeds and powerful drives are the reasons for this. SHIMANO has developed its CN-E6070 chain especially for the pedelec aftermarket.

The CN-E6070 is suitable for 9-speed drives. As the chain with its 138 links is made of steel, it is particularly hard-wearing.
