

Product data sheet

QiO Electric compact bike "Compact PXA+" (#1)

Description

Do you want to move freely without compromising on comfort and style? The "Compact PXA+" from QiO makes exactly that possible. With the Bosch mid-motor and Smart System, you can ride effortlessly up to 25 km/h - supported by a quiet, low-maintenance belt drive.

A special highlight of this compact e-bike is the continuously variable Enviolo "Automatic" gear hub. It shifts gears automatically and adapts to your speed and riding style all by itself. It ensures a particularly relaxed riding experience.

With 800 Wh, the Battery provides you with reliable power for everyday use and on tours. This means you can also enjoy an extra lap after work. The sturdy aluminum frame with its 20" wheels and hydraulic disc brakes offers you safety and control - whatever the weather. Fenders are already integrated.

The '+' in the name stands for a maximum rider weight of 150 kg - ideal for anyone who needs more room to maneuver. And with a permissible total weight of 180 kg, your everyday life becomes even more flexible - you can fit a lot on here. Whether as a Porter in the city or on the road with extra luggage - your "Compact PXA+" offers you enough flexibility for both.
