Article number:	03709459
Original number:	JC-2211
EAN:	4251971139756
EVP:	**79.95 €**

Description

Do not leave the correct tightening torque for the parts on your bike to chance! With the TFM-Torch torque wrench you keep full control over the correct force dosage for all sensitive screws on your bike. The ratchet socket wrench made of chrome vanadium offers an adjustment range of 2 to 20 Nm and is therefore suitable for most screws on your bike. The torque can be easily adjusted by turning the handle, while a fixing cap prevents accidental adjustment. The 225mm long ratchet socket wrench with 1/4" socket comes with a 9 piece bit set (3/4/5/6/8/10mm hex socket, T20/T25/T30 star socket) and a sturdy plastic storage box.
