

Product data sheet

CONWAY MTB hardtail "Razz 9.0" (#1)

Description

Made for fun! The "Razz 9.0" was made for ambitious hobby riders of all ages: a reliable, high-quality aluminum hardtail with which you can have a lot of fun without having to fear the racing character of a carbon bike.

With a lightweight aluminum frame and a wheel size of 29", you are perfectly equipped for any challenge. The "NX Eagle" 12-speed derailleur from SRAM ensures precise and fast gear changes, while the hydraulic Disc Brakes offer you maximum control and safety.

The 100 mm fork travel and Suspension Fork make light work of even the hardest trails. With a permissible total weight of 130 kg and a weight of only 13.9 kg, the "Razz 9.0" is robust and yet light enough to accompany you everywhere.

The well thought-out dimensions such as a seat tube of 508 mm, a top tube of 610 mm and a head tube angle of 70° ensure an optimum riding position and agile handling. The wheelbase of 1,104 mm and the 448 mm Chain Stay offer you stability and maneuverability at the same time.

Experience the trails like never before with the "Razz 9.0" - your perfect companion for every adventure!
