Material	merino wool
Material 2	polyamide
Season	winter
Weight	0.054 kg
Type	mid-high

Description

SILCA sock "Gravel Wool Sock"
70% Merino wool, 25% polyamide, 5% elastane
Silca winterl sock is made with the same modern Italian knitting machines as the everyday aero Sscks. By using merino wool, the toe box has extra padding (perfect for absorbing water and sweat) without the thickness of the heel that can change the fit of your shoes.
The sock has a strong compression, so if a looser fit is desired, choose a size larger., **size L (43/45), black**
