EXCELSIOR City bike "Touring Niro" Mod. 24

Description

The Perfect Everyday Companion

Ready for the city: The "Touring Niro" from Excelsior has all the features and comfort you could want for comfortable rides around town. This affordable bike gets you from A to B safely and reliably.

If you mainly take short trips on your bike as part of your daily routine, you'll want something like an all-inclusive package with a wide range of features. That's exactly what the "Touring Niro" offers. One standout feature is the large Carrier, where you can conveniently stow groceries, for example. Meanwhile, the "Nexus" 3-speed hub gear system from Shimano with a coaster brake has proven its worth.

During the hours of darkness, the Fahrer benefits from the high-quality lighting. In addition, features such as fenders, a Chain Guard, and a stand are standard on this model.

The Touringsport (TSP) frame of this bike is elegantly designed, and it looks just as good with a men's frame. There are also several attractive color options to choose from.

The "Touring Niro" from Excelsior is just right for relaxed cruising through the city. At a very reasonable price, this city bike offers a comfortable ride.
