Among other things, the large Carrier stands out—it’s perfect for stowing groceries, for example. Meanwhile, the “Nexus” 3-speed hub gear system from Shimano with a coaster brake has proven its worth.

During the hours of darkness, the Fahrer benefits from the high-quality lighting. In addition, features such as fenders, a Chain Guard, and a stand are standard on this model.

The Touringsport (TSP) frame of this bike is elegantly designed, and it looks great even with a men’s frame. There are also several attractive color options to choose from.
