

hebie Rear Kickstand "Fix 18"

Description

The Fix 18 Rear Kickstand from HEBIE

A Rear Kickstand like the "Fix 18" from HEBIE is what makes a bike suitable for everyday use. At the latest when you park it, you would miss it without a bicycle stand, fence or lamp post nearby. But you could be happy every time you handle heavy panniers on the rack, because the stand absorbs the heavy weight of the rear triangle particularly securely. It offers standing comfort on city and trekking bikes in the sizes 26", 27.5" and 28". It can be adjusted to the desired length.

The fact that you don't have to pay much attention to the "Fix 18" is due to its high-class production and ease of use. The Rear Kickstand is attached to the left Chain Stay near the wheel hub. The hole spacing of the two Mounting Screws is 18 mm (please note!). If you are not sure about this, take your bike to a specialist dealer.
