EAN:	4251507918138
EVP:	**55.95 €**

Description

E-bikes very easy to exhibit
The presentation of e-bikes made simple: With the "Bike Slinger DS", CONTEC offers a stand that has been designed to be extra stable. E-bikes or pedelecs with a tyre width of up to 61 mm and a wheel size of 20 to 29" can be parked with it.

Using it is very easy: A DS (DoubleSupport) spring arm and a 3-point contact stabilise the e-bike. The stand is suitable for both the front wheel and the rear wheel.

The "ModularConnect" is particularly practical: With it one can arrange several stands of the "Slinger" series by CONTEC into a group in rows.
