CONTEC Stem "Lida Stick"

Description

CONTEC threaded stem Lida Stick

A stem connects the handlebar to the fork and contributes to how you sit on the bike. The shorter the stem and the steeper its angle, the more upright the posture - and vice versa! Variable in height and adjustable in angle - this is the threaded stem Lida Stick from CONTEC. It is clamped with a diameter of 25,4mm in the steerer tube. The shaft is 180mm long.
