Product data sheet

CONWAY Electric trekking bike "Cairon T 4.5" (#1)

Description

Now available with a belt drive–for quiet, low-maintenance riding! The Conway "Cairon T 4.5" is a high-performance e-trekking bike made of lightweight aluminum, equipped with a Bosch mid-drive motor and a 625 Wh battery that provides assistance up to 25 km/h. With 28" wheels, the bike delivers excellent handling.

The Shimano “Nexus” 5-speed hub gear system with a belt drive enables smooth and low-maintenance shifting, while the hydraulic disc brakes ensure optimal braking power and safety. The Suspension Fork, with 100 mm of travel, provides additional comfort and stability on uneven trails.

The maximum load capacity is 140 kg, which underscores the bike's versatility. Additional features include Fenders that protect the Fahrer in various weather conditions, as well as reliable and evenly distributed front and rear lights.
