

CONTEC Vario Seatpost "Nara Drop"

Description

Nara Drop Vario Seatpost from CONTEC

Height-adjustable at the touch of a button - these are Vario Seatposts. Also known as dropper posts, they are particularly practical on changing terrain. But you can also simply lower them at a red light in city traffic and comfortably put your feet on the ground. Made from aluminum, the CONTEC Nara Drop has a total length of 445.0 mm and a diameter of 30.9 mm. The stroke or adjustment range is 100 mm.

The Nara Drop also has a special feature that many adjustable seatposts do not have: permanent suspension with 40 mm travel. No matter what height is set, the suspension travel is always maintained, guaranteeing a comfortable ride.
