Description

Off to adventure! Ruta MIPS accompanies you on your trips into nature or the next big city. The sporty trekking helmet is made from a combination of a lightweight in-mold micro-shell plastic construction with a thin EPS inner shell and is also equipped with the MIPS system. What is MIPS? MIPS technology allows the helmet shell to move relative to the head in the event of an angled impact. This protects your brain from rotational forces and serious injuries.

With the magnetic Fidlock snap lock including padding, the Helmet can also be opened and closed with one hand, without the risk of getting caught. The integrated TriVider, an extra-wide strap divider, ensures a high level of comfort and individual adjustment. The straps made from recycled PET water bottles are reflective and offer added visibility. Thanks to the XY sizer (adjustment wheel) on the back of the helmets, the Ruta MIPS can be individually adjusted in height and width. The cooling padding inside the helmets has an anti-sweat effect and is washable and replaceable.

Ruta MIPS is available in two sizes and three color variants. Each model has been painted with environmentally friendly, water-based paints.

Technical data

Features	aero, fly net, MIPS, reflective
Range of application	city/trekking
Colour designation	black velvet
Main colour	black
Design	In-Mold
Head circumference	54, 55, 56, 57, 58 cm
Head circumference up to	58 cm
Head circumference from	54 cm
Material	plastic
Upholstery	washable, antibacterial, replaceable
Weight	0.354 kg
Closure system	magnet
Adjusting system	Twist2Lock
Visor	adjustable
Certification	EN 1078
