KMC Chain "X11"

Description

Chain X11 from KMC

Tarmac or off-road - the X11 chain from KMC shows its strengths on off-road bikes and road racers alike.

If you ride a bike with an 11-speed drive, the X11 chain is just right for you. As the chain with its 114 links is made of steel, it is particularly hard-wearing.

The special anti-rust coating makes the chain particularly hard-wearing. A Connecting Link is included to connect the two loose ends of the chain.
