Description

Discover the CONWAY RYVON LT 4.0 E-MTB—your ultimate trail companion for every adventure! With innovative features and a well-thought-out design, this bike offers everything you need for an unforgettable off-road experience.

Our engineers have equipped the RYVON LT 4.0 with a swappable Battery system that takes energy efficiency to a whole new level. Enjoy longer rides with more power, thanks to our Battery's higher energy density. And if you want to recharge on the trail, you can swap out the battery in seconds and keep riding right away. The battery cover features a magnetic parking position on the Frame's top tube. This means you can easily and securely hold it in place while swapping or charging.

The RYVON LT 4.0 combines lightness and maximum stability in a unique package. Thanks to advanced materials and construction techniques, you'll experience incredible agility on the trail without compromising on durability.

We understand that every Fahrer has unique needs. That's why we developed CONWAY Ergonomic Sizing. Our frame sizes are perfectly tailored to your needs and offer different grip diameters, stem lengths, handlebar widths, and crank lengths depending on the frame size. This gives you a customized riding experience that's just right for you.

The RYVON LT 4.0 was born for the trails. With modern geometry and a 170 mm carbon chassis, it offers you just the right mix of stability and agility. Whether you prefer technical descents, steep climbs, or flowing singletrack—this bike is ready to take you anywhere. A big smile at the end of your ride is guaranteed!
