

Product data sheet

KÄRCHER High pressure cleaner "HDS 8/18-4 C"

Description

KÄRCHER "HDS 8/18-4 C" High Pressure Cleaner Hot water, connected load 6 kW, flow rate 300–800 l/h

Air- and water-cooled, 4-pole, low-speed engine, 3-phase, economical eco! efficiency mode, steam mode, effort-saving EASY!Force Advanced high pressure gun for fatigue-free work

Technical Specifications:

Max. temperature (at 12 °C inlet): 80 °C – 155 °C, Operating pressure 30–180 bar, fuel tank 15 L, Connecting Cable 5 m, weight with Accessories 119.4 kg.

Includes:

EASY!Force Advanced handheld spray gun, 10 m high pressure hose (with ANTI!Twist), 1050 mm spray lance (rotatable), Power nozzle (25°), pressure shut-off, Soft Damping System (SDS), Servo-Control regulator (water flow and pressure regulation directly on the handheld spray gun)., **Dimensions (L x W x H): 1066 x 650 x 920 mm**

Article number:	89668325
Original number:	9.702-481.0
EAN:	4066529057044
EVP:	3985.35 €

Technical data

Working pressure	180.0 bar
Design	HP cleaner
Width	65.0 cm
Width	650.0 mm
Features	3-phases, mobile
Range of application	high / low pressure cleaner
Main colour	black
Secondary colour	grey
Accent colour	yellow
Flow rate	800 l/h
Height	920.0 mm
Height	92.0 cm
Cable length	5.0 m
Power	6000.0 W
Length	1066.0 mm
Length	106.6 cm
Material 1	aluminium
Material 2	plastic
