Description

A soft whir, a quick glance over the shoulder, then off as the traffic light turns green: The Nyvon 12.0 tackles everyday life with a sporty spirit, but without being too serious. With its Bosch SX drive and carbon frame, it's an e-gravel bike for people who see the motor as an extension of their own pace. It stays nimble on asphalt and is open to detours on solid trails. A modern all-road character that's perfect for commuting and training.
