

CONTEC Curly Cable Lock "PowerLoc"

Description

Highly flexible & durable

The "Powerloc" combination spiral cable lock by CONTEC offers security and comfort at the same time thanks to the highly flexible steel cable (15 mm diameter) with a durable vinyl coating. With a length of 185 cm, the bike can be locked up almost anywhere. The "X2-Power Double Bolt Locking System" increases pull resistance by locking the bolt from both sides.

The Click-Combo-Gear-System makes it difficult to drill or break the lock by using steel balls in the adjustment mechanism. The lock is supplied with a bracket and has the CONTEC security level 7.
