mipa Topcoat "Protector Truckbedliner "

Article number:	89416747
Original number:	204110001
EAN:	4016176533231
EVP:	25.30 €

Technical data

Design	paint
Range of application	vehicle preparation
Main colour	black
Container type	bottle
Container size	0.75 kg
Weight	0.850 kg

Description

MIPA Top Coat "Protector Truckbedliner "

2K-polyurethane acrylic varnish, application with UBS spray gun

For scratch resistant and robust coating of transport surfaces (e.g. pickup loading areas) and highly stressed surfaces on commercial vehicles, off-road vehicles, camping vehicles and trailers. Wear resistant, very good mechanical and chemical resistance, high stability, resistant to fuels and oils, has a noise-suppressing effect. Allows extremely thick-layer applications. Easy to use, as 750ml of stock paint are pre-filled in 1,1 liter underbody protection containers. Only 250ml Mipa 2K hardener H5 or H10 need to be added. Shake the mixture vigorously in the can and then apply using a UBS spray gun., **750ml, black**
