CONTEC Chain "Classic C.8"

Description

The chain for all requirements

Whether it is a sporty singlespeed or a robust city bike with internally geared hub - the "Classic" chain by CONTEC is always a good choice for those who value quality and cost effectiveness. The "Classic" chain is suitable for all internally geared hub and singlespeed drivetrains with only one sprocket, is self-service packed and has the dimensions 1/2 x 3/32".

It is characterised by high smoothness and long durability and is therefore an ideal spare part for strained city bikes. Thanks to the convenient master link included in the scope of delivery, the assembly and disassembly of the chain is child's play: The ends of the chain are simply stuck into the pins of the master link and then pushed together and closed.

The CONTEC "Classic" chain is perfect for those who depend on their bike every day and place great value on solid quality.
