Description

200x Shimmering Finish
The brake is one of the most important components on a bike. From the durability of the cable to the meticulous craftsmanship, everything must be just right. The CONTEC "Stop" Cable Cover provides the perfect finish for any high-quality brake system.

A small part with a big impact: The End Cap provides a professional finish to any brake installation. It has a diameter of 5 mm and is suitable for brake outer cables on various types of bicycles: from MTBs to touring bikes to sporty city models. Once attached, the Cable Cover serves as an endpiece that guards against both injury and wear.

The “Stop” Cable Cover from CONTEC comes in a convenient bottle containing 200 pieces. It offers a cost-effective supply for frequent riders as well as for cyclists who often ride in groups and value having a Spare on hand while on the road for the finishing touch on the Brake Cable.

“Stop” by CONTEC is the silver-colored Cable Cover that provides a shimmering finish to the Brake Cable.
