SILCA Tire Sealant "Ultimate Sealant"

Description

SILCA tire sealant "Ultimate Sealant"

Sealing power: Seals holes up to 6+ mm - 25% larger than conventional sealants - for reliable performance in a wide range of conditions. **Durable formula:** Hybrid latex (blend of natural and synthetic latex) extends shelf life up to 6+ months (environmentally dependent). **Fiberfoam® Technology:** Small carbon fibers form a strong "fiber dam" for a faster seal with minimal air loss. These fibers are 400% stiffer than glass fibers and ensure fast, effective puncture protection. **Cold weather performance:** Works in temperatures as low as -15°C for year-round reliability. **Ease of application:** Is injected through the valve cores for one installation, **500 ml**

Article number:	03564581
Original number:	AM-AC-059-ASY-0101
EAN:	0810093162918
EVP:	29.95 €

Technical data

Design	tire sealant
Features	suitable for tubeless
Main colour	white
Secondary colour	blue
Container size	500 ml
Material 1	latex
Material 2	plastic
Weight	0.547 kg
