fi'zi:k Road Shoe "Tempo Overcurve R5"

Article number:	08132300
Original number:	TPR5OCMI2-7510 42
EAN:	8058364066998
EVP:	**149.00 €**

Technical data

Range of application	race
Colour designation	metallic gunmetal / black
Main colour	black
Secondary colour	silver
Gender	unisex
Size (D)	42,0
Material	Microtex
Material 2	nylon
Inlining material	leather
Sole material	nylon
Top material	Microtex
Weight	0.547 kg
Closure system	BOA-twist closure IP1

Description

Timeless & versatile for cyclists
The "Tempo Overcurve R5 " is a fast-fitting cycling shoe from FIZIK, suitable for every rider on every occasion.

This road shoe has been designed to offer the timeless looks and versatile performance that make every ride an enjoyable experience. The classic aspects of a road shoe have been redefined with the unmistakable FIZIK identity and an intelligent, form-fitting construction.

Overcurve " is a shoe construction with an offset collar that wraps around the ankle, following the natural misalignment of the two bony protrusions of the ankle: the outer and inner malleolus. The result is an asymmetrical shape in which the shoe manifolds over the foot from the outside to the inside.
The shoe can be closed quickly and securely using a micro-adjustable "BOA IP1 Dial" Connector and a Velcro strap for an optimum fit in the forefoot area.

The "R5 Nylon Composite" outsole is supple and comfortable even over long distances and without compromising pedaling performance.
