Description

Stable, high-quality & multifunctional
The RACKTIME Rear Wheel Carrier "Eco 2.0 Bosch" accommodates Bosch Active and Performance Line batteries from 2013 onwards in addition to numerous Snap-it accessories from RACKTIME. With the double circumferential, 10 mm thick aluminum tubes, the Battery is optimally protected against external influences. The sturdy Carrier, which can be flexibly adjusted using Roundstays, is approved for a maximum load of 25 kg.

Standard rear lights can be attached to the Holder provided for this purpose. A stainless steel Spring Clamp is also included in the scope of delivery. Although stable and multifunctional, the "Eco 2.0 Bosch" only weighs 960 g.
