

Product data sheet

ERC Lead spare

Article number:	05704309
Original number:	1350F025-20C4
EAN:	4002332001355
EVP:	9.61 €

Technical data

Range of application	motorcycle, scooter, passenger car, truck, commercial vehicle
Container type	bottle
Content	0.25 l
Type	care, lubricant
Weight	0.250 kg

Description

ERC Lead Spare

Enables all older engines with unhardened valve seats to run on unleaded fuel. ERC lead spare is designed for regular use and is suitable for all regular and premium gas. 250 ml is sufficient for 250 liters of gas.

Lead compounds in fuel act as an anti-knock agent and reduce wear on the valve seats. Due to their design, older engines still rely entirely or partially on leaded gasoline. ERC Lead Substitute replicates the lubricating properties of the lead compounds found in leaded fuels, forms a protective layer on the valve heads and valve seats, and additionally protects against deposits on the valves and spark plugs., **250 ml water bottle**
