

by,schulz Shim "G.Shim"

Description

"G.Shim Reducing Sleeve"

Seatpost does not fit the frame? The "G.Shim" reducing sleeve from BY,SCHULZ enables frame tubes to be adapted to the outer dimensions of thinner seatposts. The Reducing Sleeve is manufactured with an oversize fit and is slotted twice. It therefore remains in the frame tube and not on the seatpost when the seatpost is removed. It is made from high-quality anodized aluminium and is available in seven different diameters.
