EAN:	4251971177468
EVP:	**5499.95 €**

Description

The "Xyron ST 8.0" is your ticket to uncompromising off-road riding fun. With 150 mm of suspension travel front and rear, 29" wheels, and a carbon frame that's both lightweight and extremely durable, you're ready for whatever the trail throws at you.

The Bosch mid-drive motor with an 800-Wh battery gives you the power you need to tackle long rides and conquer steep climbs. The Shimano "XT" 12-speed drivetrain ensures precise performance, while the hydraulic disc brakes provide reliable control.

The geometry puts you in an active, centered position on the bike—perfect for technical sections. The handling is direct and agile. The tool mount under the top tube and the hidden kickstand mount on the rear triangle make the bike incredibly practical for everyday use, too.

,

Technical data

Battery capacity	800.0 Wh
Features	suspension fork, damper, electronic sliding aid
Colour designation	desert matt / bronze matt
Main colour	beige
Secondary colour	brown
Travel	150 mm
Gender	gents
Gears	12-speed
Type	full suspension
Wheel size	29 "
Material	carbon
Engine power	250 W
Frame height	42 cm
Weight	24.200 kg
Stem length	40.0 mm
Permissible system weight	140 kg
Chainstay	452 mm
Toptube	592 mm
Wheel distance	1249 mm
Reach	465 mm
Seat tube	420 mm
Seat angle	77.6 °
Stack	623 mm
Steering tube	115 mm
Steering tube angle	64.5 °
