### Description

Whether it's bumpy cobblestones, rough bike paths, or firm gravel trails on the outskirts of town: The Cairon C FS 4.0 handles every surface with effortless poise. The full suspension effortlessly smooths out bumps and ensures maximum control without sacrificing the bike's responsiveness.

When the climbs get steeper or a strong headwind picks up, the powerful Bosch Performance Line CX engine delivers strong, reliable thrust. Fenders, Pushing Help, and hydraulic disc brakes all come together to create a bike designed for everyday use, touring, and safety.
