

CONTEC Hub Dynamo "Powerhouse Hub 2"

Description

The long distance runner

The dynamo hub "Powerhouse Hub 2" by CONTEC is characterised by its maintenance-free nature. This is the only way to ensure that the lighting is supplied with long-term power in any weather.

The high-performance NdFeB magnets have high efficiency and at the same time extremely low resistance. This means that even at low speeds, sufficient current is available to illuminate the front and rear lights continuously.

The aluminium housing is available in the colour options matte black and silver. In addition, the "Powerhouse Hub 2" is suitable for wheel sizes from 26" - 29". There are also several options for the number of spoke holes. 28, 32 and 36 hole housings are available in matte black as well as in silver.

The "Powerhouse Hub 2" is equipped with a hollow axle for quick release and 6-bolt mounts for disc brakes.

The dynamo hub includes a plug that connects it to the lighting.

Although it is extremely robust and durable, the "Powerhub 2" weighs just 415 g.

Technical data

Axle	hollow axle 9 mm
Mounting	front wheel
Type	hub dynamo
Brake mounting	disc - 6-hole
Installation width	100 mm
Main colour	black
For wheel	standard
Suitable wheel sizes	20, 24, 26, 27,5, 28, 29 "
Material 1	aluminium
Weight	0.415 kg
Hub body material	Aluminium
Quick release	without quick release
Spoke type	J-Bend
Flange diameter	66 mm
Spoke hole diameter	for 2.00 mm
Electrical power	6 V / 3 W
Brake track	yes, no
Number of spoke holes	32 holes
Hub model	Powerhouse 2
