EAN:	4251971172845
EVP:	**15.95 €**

Description

With our "TFP" (Tools for Professionals) tool line, we serve ambitious Screws and professionals. Here you will find special tools for almost every purpose.

The TFP spin is a practical crank holder that helps you to Cleaner the chain of your e-bike - it allows you to spin the chain or the drive backwards on e-bikes with mid-motors. To do this, simply plug the tool onto the chain ring bolts. This connects the Crank Spider and Chainring so that the drives are also moved when the cranks are turned backwards. This makes lubricating and cleaning your chain much easier.

Technical data

Main colour	black
Secondary colour	silver
