Description

Draw attention to yourself effectively with a bright-sounding "thing": This works particularly well with the "Diamond Bing" bicycle bell from CONTEC. It is made of brass, which gives it a very good sound.
Combined with other items from CONTEC's world of colour, the bells also make a wonderful contribution to the individualization of your own bike.

The practical bicycle bell has a universal Handlebar Bracket and is easy to attach.
It is loud enough to attract the attention of other road users quickly and safely.
The bell has a 26 mm Ø and fits all standard handlebar clamps.

The "Diamond Bing" reliably fulfills its purpose and, available in various attractive paints, also makes a positive visual impression on the bike.
