

## around Schoolbag Basket "College - Basic"

### Description

The Around "College - Basic" school bag basket is ideal for your everyday school life. With its generous dimensions of 52 x 31 x 22 cm, it offers plenty of space for your school supplies. The pre-assembled Around Fix System ensures simple and secure lengthwise attachment to your Carrier.

The narrow-meshed Basket fits all standard Carriers with a width of 5 to 19 cm and a tube diameter of 6 to 20 mm. Thanks to the plastic coating, it is particularly resistant to rust and can therefore be used in wind and weather. The extra sturdy construction and reflective elements on the sides increase your safety on the road.
