### Technical data

|                      |           |
|----------------------|-----------|
| Design               | electric  |
| Operation            | battery   |
| Range of application | soldering |
| Power                | 8.8 W     |
| Material 1           | aluminium |
| Material 2           | steel     |
| Voltage              | 3.7 V     |

### Description

#### **BUSCHING soldering iron set "Hot"** **cordless, Lithium-Ion technology, 80 / 16W**

Ideal for automotive, services, model construction, installation, handicrafts (wood/leather/textile/jewellery etc.). Rapid Heat Technology reaches 420°C in few seconds (max. 600°C), 45-90 minutes continuous run time, replaceable 30W soldering tips, LED work light, slide switch

**Technical data:** drive type: Lithium-Ion technology 3.7V / 2400 mAh / 8.8W, charging technology: USB charging mode / micro-B standard, soldering tip (thin / normal): 30W, soldering tip-shrinking tube: 16W

**Scope of delivery:** multi-functional soldering iron set, soldering tip thin 30W, soldering tip normal 30W, soldering tip shrinking tube 16W, solder lead-free with flux in the dispenser tube 15g, soldering sponge, aluminium reservoir for soldering sponge, soldering iron holder made of metal sheet, USB cable with micro-B standard, manual, **in case, with foam insert**
