EAN:	4251971178595
EVP:	**5699.00 €**

Description

The "Long CLAx" from QiO is the top-of-the-line model in the Long series—designed for anyone who wants to combine maximum cargo capacity with the highest level of riding comfort. The combination of an 80-mm Suspension Fork and a suspension seatpost provides noticeable relief on uneven trails and makes riding comfortable even when fully loaded.
The Bosch “Cargo Line” engine with Smart System delivers particularly powerful assistance up to 25 km/h—ideal for heavy loads and challenging routes. The continuously variable Enviolo Automatiq hub gear system handles the shifting, so you can focus entirely on the ride and your surroundings. The belt drive is also virtually invisible to you—it runs quietly, requires little maintenance, and is durable.
Lighting is provided by the high-quality Busch+Müller “IQ-XS high beam” LED Front Light, which provides excellent illumination of the road with 100 lux low beam and 150 lux high beam—ideal for riding in the dark and in poor visibility conditions.
With an 800 Wh battery capacity, 20-inch wheels, and a gross vehicle weight rating of 200 kg, the “Long CLAx” is perfect for families and anyone who wants to get around a lot—comfortably, safely, and in style.

,

Technical data

Battery capacity	800.0 Wh
Features	suspension fork, system carrier, chain guard, electronic sliding aid, fender
Colour designation	lead metal
Main colour	grey
Travel	80 mm
Gender	unisex
