connex Chain

Description

CONNEX Chain 7-speed

Halflink Chains have become an integral part of the BMX world. Since chains are subjected to heavy loads during some tricks, such as grinding, they should be particularly stable - as is the 1R8 from CONNEX.

If you ride a bike with a 7-speed driveset, the 1R8 chain is just right for you. A Connecting Link is included to connect the two loose ends of the chain.
