Description

The "Cairon S 4.0" is your sporty introduction to e-MTB riding—responsive, comfortable, and versatile. The balanced geometry ensures agile handling and a centered riding position, giving you confidence on winding forest trails, gravel roads, and mild terrain. You'll feel the bike working with you—uphill with powerful thrust, downhill with confident control.

The 29" wheels and 120 mm Suspension Fork effortlessly absorb bumps, while the aluminum frame remains stable and lightweight. The Bosch mid-drive motor with Smart System delivers reliable power, supported by an 800 Wh Battery and eMTB+ mode for dynamic assistance. The Shimano 10-speed derailleur ensures precise shifting, while hydraulic disc brakes provide safe stopping power. And thanks to Bosch PowerMore 250 compatibility, you can easily extend the range when needed—for longer rides and more freedom on the trail.
