Description

Cut steering tube without sawing
Steering tube too long? With the CONTEC cutter "TFM-Roundhouse Cut" succeeds the cutting of the steering tube easily and precisely: the practical tool is simply locked and cuts the tube by constant rotation in the desired length. The pendulum deburrer frees the cut surface from sharp edges. The professional tool is suitable for all steering tubes from 6 to 38mm (1/4", 1", 1 1/8", 1.5") and is supplied with a spare cutter wheel.

The tool for professional fork assembly on the bike.
