

AXA Battery LED Rear Light "DWN"

Description

Make your bike rides safer with the AXA "DWN" Battery LED Rear Light. The rear light has a generous light duration of 7 hours and the integrated charging indicator shows you exactly when it's time to recharge. And don't worry, charging is quick - your rear light will be ready for use again in just 1.5 hours thanks to the USB Cables supplied.

Other road users will notice you from a distance - the 300 m light beam ensures this. Operation and installation are child's play thanks to the practical on/off Shifter and flexible rubber strap. No tools are required to attach it to the Seatpost or Seat Stay. Available as a basic version or with brake light function.
