Product data sheet

HOFMANN MEGAPLAN Aligner "megaline OPTIX MAX"

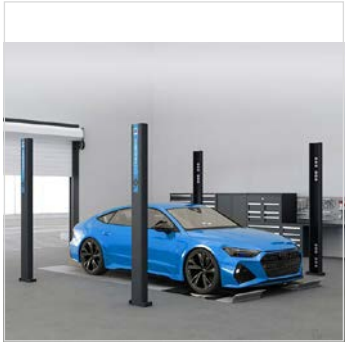

Article number:	89668547
Original number:	GARGOSXF0078
:	
EVP:	**53697.60 €**

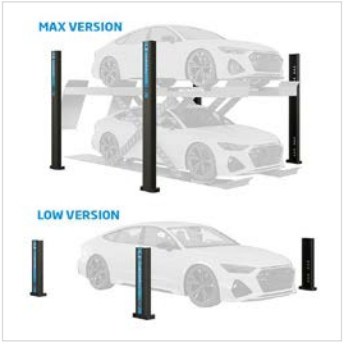

Technical data

Design	wheel alignment / chassis measurement
Range of application	car
Main colour	grey
Secondary colour	black
Material	aluminium
Material 2	plastic
Technology	3D system
Use	testing, measuring

Description

HOFMANN MEGAPLAN Wheel Aligner "megaline OPTIX MAX"
Ground-level vehicle alignment for vehicle inspection and adjustment on a vehicle lift
Fully automatic wheel alignment system that enables immediate, non-contact measurements with maximum efficiency. Thanks to state-of-the-art 3D scanners, the system measures toe and camber in just 5 seconds– without wheel clamps, targets, or measuring heads. This reduces labor time and eliminates the risk of rim damage. The integrated software enables automatic vehicle recognition, simplified selection of technical specifications, and immediate diagnostic reports that highlight deviations and potential driving issues. The megaline OPTIX was developed to optimize workshop productivity and increase service speed, customer satisfaction, and business opportunities., **plus installation, training, and shipping**
