Description

The QiO "EINS P-E" compact e-bike is ideal for city riding and running errands. With the Bosch Smart System (BES3), it's always up to date. The eBike Flow app connects the "Performance Line" engine, the 545-Wh Battery, and the Operating Unit, allowing you to select riding modes, plan routes, and record rides. You can sync your data with health apps, for example.

The continuously variable Enviolo "TR" hub gear is perfect for hilly terrain and cross-country rides. Together with the Bosch engine, you can reach speeds of up to 25 km/h. The Gates CDC straps, compact design, foldable pedals, and folding Handlepost make it easy to store in small spaces or in a RV.

With 62 mm-wide tires on 20" wheels and the Parallelogramm Suspension Seatpost, this compact e-bike offers a high level of comfort on paved paths. The by,schulz seatpost is also theft-proof.
