

SHIMANO Chain "CN-HG93"

Description

Hyperglide Chain CN-HG93 from SHIMANO

A chain for all occasions - that's the CN-HG93 from SHIMANO. The Hyperglide Chain is designed to withstand long trekking tours and the high forces of an E-bike drive, but can also withstand dusty MTB trails.

The chains are compatible with 9-speed drives. Incidentally, Hyperglide stands for SHIMANO chains that shift particularly smoothly - even under high loads. As the 116-link chain is made of steel, it is particularly hard-wearing.

Article number:	07340243
Original number:	ICNHG93116I
EAN:	4524667040804
EVP:	28.95 €

Technical data

Amount of chain links	116 pcs.
Width in inch	11/128 "
