Article number:	03709060
Original number:	1090
EAN:	4250311306766
EVP:	**10.95 €**

Description

The right bicycle tool is needed for repairing and maintaining singlespeed drivetrains. With the CONTEC freewheel puller, the disassembly of common singlespeed or BMX freewheels is easy. The tool has a mount for a 24 mm socket or ring spanner and is simply inserted on the sprocket of the removed rear wheel. With the spanner, the freewheel can now be released from the threaded mount of the hub in an anti-clockwise direction.

An indispensable tool for BMX and singlespeed riders.

Technical data

Design	sprocket
Main colour	black
Size	24
