FAHRER Protective Cover

Description

Protection for the electronics or the contact base

The cover made of elastic cellular rubber protects handlebar remote controls and MInidisplays, such as the Bosch Purion, from all weather conditions, freezing, dirt and damage. For example, when parking the bike outdoors or during transport on the Bike Carrier. The cover also protects the contact base when the Display is removed. Fits Bosch eBike Systems, Shimano STEPS, Yamaha eBike Systems and others.
