

SHIMANO Crank Set "XTR FC-M91002"

Description

Low weight meets high stiffness

"XTR" - hardly any other combination of letters in MTBs is as synonymous with absolute high-tech, top-class products as the top groupset from SHIMANO. Innovative technologies, the very highest standards of workmanship and exquisite materials ensure that the "XTR" groupset leaves nothing to be desired.

The "FC-M91002" groupset is compatible with two chainrings (28/38 teeth) and the Hollowtech II standard with your 12-speed drivetrain. The weight-optimized design offers a lower weight with the same stiffness for excellent shifting performance at the front. With integrated bottom bracket axle; without BSA Bearing Shells.

Article number:	08321903
Original number:	IFCM91002EX88
