

Product data sheet

KMC Chain "X11"

Description

11-speed chains from KMC

Tarmac or off-road - the X11 chain from KMC shows its strengths on off-road bikes and road racers alike.

The chain is compatible with 11-speed drives. As the chain with its 118 links is made of steel, it is particularly hard-wearing.

A special anti-rust coating makes the chain particularly robust and hard-wearing. A Connecting Link is included to connect the two loose ends of the chain.
