

CONTEC Spacer Set "Carbon"

Description

For the perfect stem height

The perfect riding position on the bicycle is achieved with the Ahead system by adjusting the stem height on the fork steerer tube. The CONTEC spacer set for 1 1/8" fork steerer tubes consists of 5 lightweight full carbon spacers.

The dimensions are 3 x 5 mm, 1 x 10 mm and 1 x 15 mm. The spacers are inserted under the stem on the fork steerer tube as required to set the height. Perfect for an ergonomic seating position on lightweight bikes.
