## AUMÜLLER Animal Basket "11/975/7"

### Description

#### The best for your little darling

Whether it's a shopping trip, vet appointment or Sunday outing: your little darling will accompany you everywhere in this dog bike basket with protective grille. The sturdy wicker baskets from AUMÜLLER are woven by hand from pure natural material and treated exclusively with food-safe paints and stains.

A sturdy grid with sufficient space between the bars prevents your dog from falling or jumping out. It also gives him freedom of vision and movement. So your four-legged friend can enjoy the ride to the full in his comfortable feel-good nest!

To ensure that humans and animals are really safe on the road, this dog bike basket is attached to the frame tube of your bike using a mounting system (headset mounting) specially developed by AUMÜLLER. It is quick and easy to fit with just a few components.

The transport basket is compatible with more than 90 % of commercially available bicycle models. It is also very suitable for e-bikes thanks to the Bracket that fits round and oval tubes.
