Continental Tires "Cross King"

Description

Super fast & extremely grippy

The know-how and experience of a professional MTB team paired with German engineering from CONTINENTAL result in a folding Tires made for cross-country racing and all-mountain: the Cross King.

Its pronounced lugs are super-fast and extremely grippy off-road and on loose surfaces. Despite this, the tires roll smoothly and quietly. The Tubeless Ready foot makes riding fun even without tubes and is easy to mount on the rims.

The ShieldWall system makes the Tires highly resistant to punctures and injuries. The puncture protection consists of finely woven cross-weave, which is visually evident in the honeycomb design on the sidewalls. The Pure-Grip rubber compound provides good grip and is durable.

Article number:	08541740
Original number:	01503370000
EAN:	4019238003581
EVP:	48.95 €

Technical data	
Design	foldable tires
Features	tubeless ready
Range of application	cross
ETRTO	65-584
Main colour	black
Wheel size	27,5 "
Material	synthetic rubber
Weight	0.688 kg
TPI / EPI	3x 180
